EDUCATION

Degree	Institute	Board / University	Year of Passing	Aggregate % / CGPA
MCA	Techno College Hooghly	MAKAUT	2026	7.38
BCA	Techno India Hooghly	MAKAUT	2024	8.09
Higher Secondary (10+2)	Singur Mahamaya High School	WBCHSE	2021	71.4%
Madhyamik (10 th)	Singur Mahamaya High School	WBBSE	2019	58.85%

PROJECTS

- **Doctor Appointment Web Application** - A comprehensive Doctor Appointment Website using React JS to streamline healthcare access. The platform features secure patient booking with payment integration, a dedicated doctor portal for schedule management, and an administrator dashboard for verifying professional credentials. This system enhances operational efficiency and ensures a trustworthy network of healthcare providers.
- **Restaurant Reservation System** - A Restaurant Reservation System using PHP Laravel, HTML5, CSS3, JavaScript and MySQL to streamline the dining booking process. The platform features a user-friendly interface for customers to view menus, reserve specific time slots, and provide dining feedback. It also includes an administrator dashboard for real-time reservation management and table occupancy optimization.
- **Online Car Rental System** - A Car Rental System (CRS) using PHP, HTML5, CSS3, JavaScript and MySQL to modernize urban mobility and fleet management. The platform offers real-time vehicle availability tracking, dynamic pricing, and a seamless booking interface for users. It streamlines operations by integrating customer support, feedback mechanisms, and data analytics to optimize vehicle utilization.
